Wokingham Borough Council

Personal Details:

Name: Richard Peat

E-mail: [redacted]

Postcode: [redacted]

Organisation Name: Arborfield Garrison Residents Action Group

Comment text:

The current boundaries between Arborfield, Swallowfield, Barkham and Finchampstead South are ludicrous given the substantial new Arborfield Strategic Development location which currently has different parts of the SDL covered by Arborfield, Barkham, Finchampstead South and Swallowfield councillors. Boundaries should be redrawn to encapsulate the development under a single council ward to enable new residents to easily identify their councillor and avoid the current situation which has the boundary running up the middle of roads in certain places, and one street in Swallowfield that can't be accessed directly by road from the rest of the ward without going into Finchampstead South. Given the final build out of the houses in the strategic development location there will be enough residents to justify a ward for the Arborfield SDL alone
