Dear Sir,

**Unitary Authority Electoral Review of Central Bedfordshire.**

With reference to your letter dated 4<sup>th</sup> August my Council feels the review is premature as the Council has only been elected in June and two months is far too early. There main comment at this stage is that the present number 66 is more than adequate as the costs per Councillor already is considered excessive and very much out of line with there neighbours Luton.

Yours sincerely

Clerk to the Council  
R.K. Foster
