### Comment text:

The borough council propose to move Roydon out of Grimston ward and into South Wootton. There is no sensible rationale for this, other than a simple desire to balance the councillor/elector ratio. Roydon is inextricably linked with Grimston geographically, socially, and in terms of character. The parish councils are engaged in preparing a joint neighbourhood plan. The parish councils and local borough councillors voted against this proposal but it was carried by a majority of others. I strongly oppose the relocation of Roydon into a ward other than Grimston.
