### **Comment text:**

Timsbury Parish Council has considered the details so far and their comment are as follows: Your estimate of the Timsbury ward N-T1 electorate in 2022/23 is 2,137. This will be only 227 i.e. 10% electors below the proposed average of 2,364 per Councillor. The boundary of the current Timsbury Ward is consistent with the Parish Boundary, the population, settlement layout and identity of the village and surrounding hamlets. As a result, the Parish Council believes it is appropriate to continue with the current arrangement of 1 Councillor for the same Timsbury ward boundary. However, we are concerned about the risk of reducing representation of rural areas compared to urban areas.
