

South Gloucestershire**Personal Details:****Name:****E-mail:****Postcode:****Organisation Name:****Comment text:**

University ward - as a resident of the newly proposed ward I think the name is unfortunate. The vast majority of residents are not current university students nor employees, and the name University feels excluding. Furthermore it has the potential on negatively impacting the house prices in the area. The ward encompasses three main residential areas: Cheswick Park, Stoke Park and Scholar's Chase and the university in addition. Why not use the naming of one of the residential areas or an amalgamation thereof?
