Comment text:

Dear Commission, I am the Chairman of Longwell Green Community Centre and would like to support your proposal for Longwell Green district ward to take in more of Oldland Parish. I understand that there is a counter proposal that would see Hanham district ward extend across the A4174 Ring Road to take in the East Ward of Hanham Abbots Parish. This would be a strange amendment to make as it fails to take into account that Longwell Green is a community in its own right which takes in both sides of the Bath Road. Longwell Green Community Centre is located in Oldland Parish, but is the nearest community facility for the residents across the Bath Road in Hanham Abbots Parish and is used in equal measure by residents in both parishes. Residents see themselves as living in Longwell Green and pay little attention to which particular parish they are in. Kind regards, Chris Wyrill [REDACTED]
