Subject: Electoral review of Bath & North East Somerset: warding arrangements

Dear Sir,

The above paper was discussed at a recent Nempnett Thrubwell Parish Council meeting and I was instructed to advise you of the Council's conclusion.

This was that " it was agreed that whilst the principles were accepted where the number of seats needs to be reduced, this should happen in urban areas. Rural areas such as our own would be in danger of losing their identity if they were amalgamated with others" and I should be obliged if you would include this with the other comments you will have received.

Yours faithfully

A M Johnstone
Parish Clerk
