Gunthorpe Parish Council's preference is for there to be no change to our ward boundary. This is in spite of me also being clerk to the adjoining Brinton Parish Council in a different ward.

The parish of Gunthorpe, with Bale, which is proposed to be put in a very large Priory Ward (with a greater electorate than the desired average), does not have any association with some of the other parishes towards Wells-next-the-Sea, and certainly not with the coastal area.

If there is to be any change I contend that we should be in a group of parishes such as Brinton, Letheringsett, Field Dalling, Langham, Briningham, Hindringham, Thursford, Thornage, Stody and Binham. Any more small communities will be difficult for a District Councillor to service whereas it is thought one can more easily proportionately serve a larger populated urban parish.

A. R. Hayward, Clerk to Gunthorpe Parish Council
