The area to the right of Orpheus Avenue and bounded by Gypsy Patch Lane should I believe be part of Bradley Stoke South ward. Currently this area forms part of the town of Bradley Stoke - it appears on all the maps of BS and the Town Council administers this in respect of planning applications etc. However for some reason this currently falls within Stoke Gifford ward. Due to the expansion of Stoke Gifford such a change would even up the relative sizes of both wards and provide a better fit geographically. The area suggested includes such as Watch Elm Close, Steanbridge Road, The Crunnis, Arden Close, Pursey Drive, and several smaller Closes.
