Comment text:

As the city councillors representing the current Hucclecote ward we are in agreement with the recommendations from the joint city clock working group. However we would like to emphasise one recommendation from the working group that we fear might get lost in the detail. The recommendation is that King George V playing fields be returned to the Hucclecote ward. The reasons for this are, 1) The playing fields were originally given to the people of Hucclecote by King George V 2) The pavillion was built for and by the people of Hucclecote 3) Barnwood Ward (which currently has the playing fields) already has an abundance of open spaces. It sometimes happens that administrative changes such as boundary changes fail to reflect the history of an area. Agreeing to this change will help preserve a little bit of the history of Hucclecote. Cllr Declan Wilson Cllr David Brown Cllr James Beeley
