Dear Ms Taylor

Westwell Parish Council welcomes the opportunity to comment on the review.

Under the recent Community Governance review in the borough it was recommended that there is a boundary change in Westwell parish. Currently the boundary runs down the centre of Sandyhurst Lane and residents on opposite sides of the road are in different parishes and borough wards. It was proposed that residents of Hoads Wood Gardens and Potters Close are transferred to Westwell Parish along with those of Sandyhurst Lane (see attached image). 145 properties and 319 electors would be affected.

If this recommendation is confirmed, residents affected would be in the same parish but different wards. Westwell Parish Council therefore proposes that if the parish boundary change is effected, the ward boundary be realigned with the new parish boundary.

Yours sincerely  
Susan Wood  
Clerk to Westwell Parish Council
