

Ashford District

Personal Details:

Name: Ian McClintock
E-mail: 
Postcode: 
Organisation Name: Chair of Great Chart with Singleton PC

Comment text:

It is a shame that the enlarging of the Weald Ward loses the name of the village of Great Chart, it is hoped that the PARISH boundary does not echo these changes, this ward will grow as it includes Chilmington Green which has just started construction of the access points. At the other end of the Parish in Singleton, the creation of the two new Wards have pushed out 3 iconic parts of Singleton that are closely linked with Singleton - namely The Singleton Environment Centre, The John Wesley School and Cuckoo Park which the Parish Council are just about to sign the lease on and now it is about to move into the next Ward - all of these assets have been constructed with the help of the 106 money from the houses that are now in the adjacent ward - please re look at this boundary! The adjustment can easily be made as there will be new houses in phase one of the Chilmington Green development that will be built on the Brisley Farm area of the Washford Ward that will counter those electors that remain in Singleton if the boundary was kept the same as it is now - from the Parish Council point of view it is vital that these 3 assets remain in Singleton
