**Organisation Name:** Dodington Parish Council

**Comment text:**

Members of Dodington Parish Council discussed the draft recommendations at their Full Council Meeting on Wednesday 11th October 2017. After looking at the maps and recommendat ons they resolved to make the following comments :- Members of Dodington Parish Council are in support of the changes to the Dodington Ward (making it larger - and keeping it as a 2 member ward). However they would like to see some more investigation into the Boyd Valley Ward (wh ch the rural part of Dodington Parish Council falls under). They feel it is a large area both geographically and with 10 different parish council's a lot for Ward Members to cope w th. One suggestion that came up during the meeting was that the area should be split in half and made into 2 x 1 member wards. I attach for your information the draft minutes - and it is Minute Ref 168/17 which relates to this consultat on.
