*These figures were produced by Cheshire West & Chester Council for use by the Boundary Committee for England in the course of the Cheshire West & Chester electoral review.*

*The 2008 electorate figures show the exact number of people registered to vote in each parish or unparished area in December 2008. The 2013 electorate figures are the predicted numbers for the same areas. Due to the uncertainty of making predictions for such small areas, the 2013 electorates have been rounded to the nearest ten.*
