RE: Electoral Review of Rugby

Dear Sarah would you please use the text below, which I have altered slightly. As you can see I would allow my name to be used but not my address for public viewing.

Thank you
Steven Morson

New text below

Dear LGBCE

With regard to the boundary review of Rugby, I would personally like Merttens Drive to be put back into the Overslade Ward (where it was before the last change). I assume that moving Merttens Drive out of Overslade (on the last change) into New Bilton was probably for simple correction of voter numbers per councillor. However, this caused Merttens Drive (and the other MF sections) to become an isolated part of New Bilton and apparently ignored on several issues (especially the "Bilton ReNew Scheme", worth £1 million of development money). In my opinion, the Bilton Road should be used as the southern boundary of the New Bilton district, as this is easier to identify for the various council committees.

Yours sincerely
Mr S Morson
