All parish electorates by individual parish

Using this sheet:

Use this sheet to show the number of parish councillors. Put down all parishes, no matter how big or small.

Type in the name of the parish. Make sure it is exactly the same as it appears in the sheet "Electoral data".		Does this parish have wards? Write down the names	How many parish councillors does this parish, parish ward or group of parishes have?
---	--	---	--

Parish	Parish wards	Part of a group?	Councillors
--------	--------------	------------------	-------------

Example Parish A			7
Example Parish B		Parish group 1	2
Example Parish C		Parish group 1	1
Example Parish D		Parish group 1	3
Example Parish E			9
	Parish E ward 1		5
	Parish E ward 2		4
Example Parish F			Meeting

Explanation: what does this example mean?

Parish A is not part of a group, and has no parish wards.

Parishes B, C and D are all part of a group parish council. Although they are individual parishes, they share one parish council. Not all areas of the county have grouped parishes.

Parish E has two parish wards. It would be helpful if you could also supply us with maps to tell us where the boundaries of your parish wards lie.

Parish F has a parish meeting instead of a parish council.
