Area your submission refers to: Buckinghamshire

Organisation you belong to: member of the public

Feedback: I note BCC's recommendation to reduce members to 49 without two-member divisions and would confirm my agreement with the latter. However such a drop in numbers(14%) is regretted. It is only recently that numbers were increased to 57 so it begs the question as to why a loss of 8 is a good idea now especially in an expanding County. Much more relevant is the disgraceful number of District Councillors we have, 3 for every 1 County Councillor when the budgets are so much less. The sooner we have a cull of them the better. Even with a localism/representation agenda there is absolutely no need to have so many spending our money!
