Feedback: I am a county councillor for Summertown and Wolvercote. I support Proposal B for the new division boundaries in North Oxford as they reflect the community boundaries much better than Proposal A, which splits polling district BB arbitrarily along a line through the old Council estate of Cutteslowe, which is very much a community to be recognised, as very different from the rest of Summertown ward. Although the projected variances from the average are smaller in Proposal A, they involve splitting polling districts and communities, neither of which are welcome. Looking ahead, the populations in both proposed divisions 4 and 5, in Proposal B, are likely to continue to increase beyond 2016, bringing them nearer to the average electorate in the not very distant future.
