Subject: Electoral Review of Surrey
Importance: High

Dear Sirs,

Re: Electoral Review of Surrey

This submission is made on behalf of: Fetcham Residents Association (KT22)

Our initial reaction to the matter of the size of Surrey County Council is that the present number of Councillors is too high and for the sake of efficiency should be reduced by fifty percent.

However, it is recognised that as this would be a costly process, in the current economic climate to defer this drastic adjustment is acceptable, although we would wish it to be implemented as soon as practical.

Paul Fairweather
Chairman – Fetcham Residents Association
