Chief Executive

The Boundary Commission

35 Great Smith St

London Sw1P 3BQ

Dear Sir

**ELECTORAL REVIEW Surrey County**

We are the current and former Councillors for Horsell, in Woking . We are strongly opposed to the proposed change to the Horsell County Division and believe there are better solutions.

Horsell is a community with distinct needs and interests which would be submerged in the County Council's proposal to split the Horsell Division and join the parts to other quite different areas with larger numbers of electors. The new County Councillors would be faced with divided responsibilities and potentially conflicting requirements. Together we have had long experience of this community's needs and that valuable unity of representation would be lost.

If it is necessary to increase the size of the electorate by a small amount the sensible solution would be to add part of the Woking Central Division which has to lose a similar number. There are several options but we prefer one. At present each of the Horsell Borough Wards include part of the designated Town Centre as do Polling Districts GA Walton Rd and MD Goldsworth East. Adding either of these or some combination to Horsell Division would serve the two purposes of equalising the electorates in Horsell and in Woking Central and would include electors who are adjacent to and have shared interests with Horsell . This would be done with little disturbance.

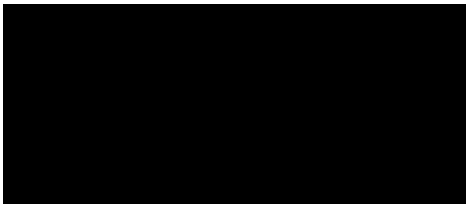

We most urgently ask you to consider a better arrangement than the County Council's proposal and we would welcome an opportunity to discuss the options with you.

Yours sincerely

Michael Smith Borough Councillor Horsell East and Woodham
