Simon,

I think this refers to Swale.

Subject: electoral review.

At this time of huge financial restraints, why spend money on something which, whilst 'nice to have' is not essential.
Reviews are costly and there are much more needy causes which could use the money to actually help people – even to trimming back the hedgerows properly on the country lanes as they get narrower month by month in our area!
So please do not spend frivolously. Regards Mrs Tricia Carr[redacted]
