I have lived in Marlow 40 years. [REDACTED]
[REDACTED] And have walked around the ward many times... The Marlow and Marlow SE/Flackwell ward boundaries do not do not serve Marlow residents very well. SE Marlow residents, of course, have far more in common with Marlow ward residents than Flackwell heath residents. And the county ward of SE Marlow is split across 'parts' of 3 parish councils. I would like to see the parishes of Marlow, Gt Marlow, Marlow Bottom and Little Marlow represented together at county level. This would align parish boundaries and school catchment around Marlow. Flackwell Heath and Well End should be incorporated into a Chepping Wycombe and Bourne End ward respectively. If 2-person wards I propose a North and South Marlow ward - with the A4155 being the dividing line of the Parish of Marlow. South Marlow could incorporate Little Marlow and possibly the Wiltshire Rd estate (east of Gt Marlow School) can easily 'fit' into the south ward as well if populations needed to be more balanced. North Marlow should incorporate Marlow Bottom, and perhaps Gt Marlow parishes as well. From a personal point of view I would like to see single person, therefore smaller county wards - I believe much easier for residents to define who has responsibility for 'their' area and harder for councillors to 'hide' - which does happen a lot in Bucks! As an independent candidate it would be easier to campaign in the smaller wards and with such domination of the Conservative party in Bucks, Independents need all the help we can get. Single person wards could be split thus: Marlow N&W, Marlow S and Marlow E

Many Thanks for your email.

On reflection, for single member wards (presumably approx 5000 residents) I would want to suggest 3 different wards based on demographics and geography:

Marlow South & West

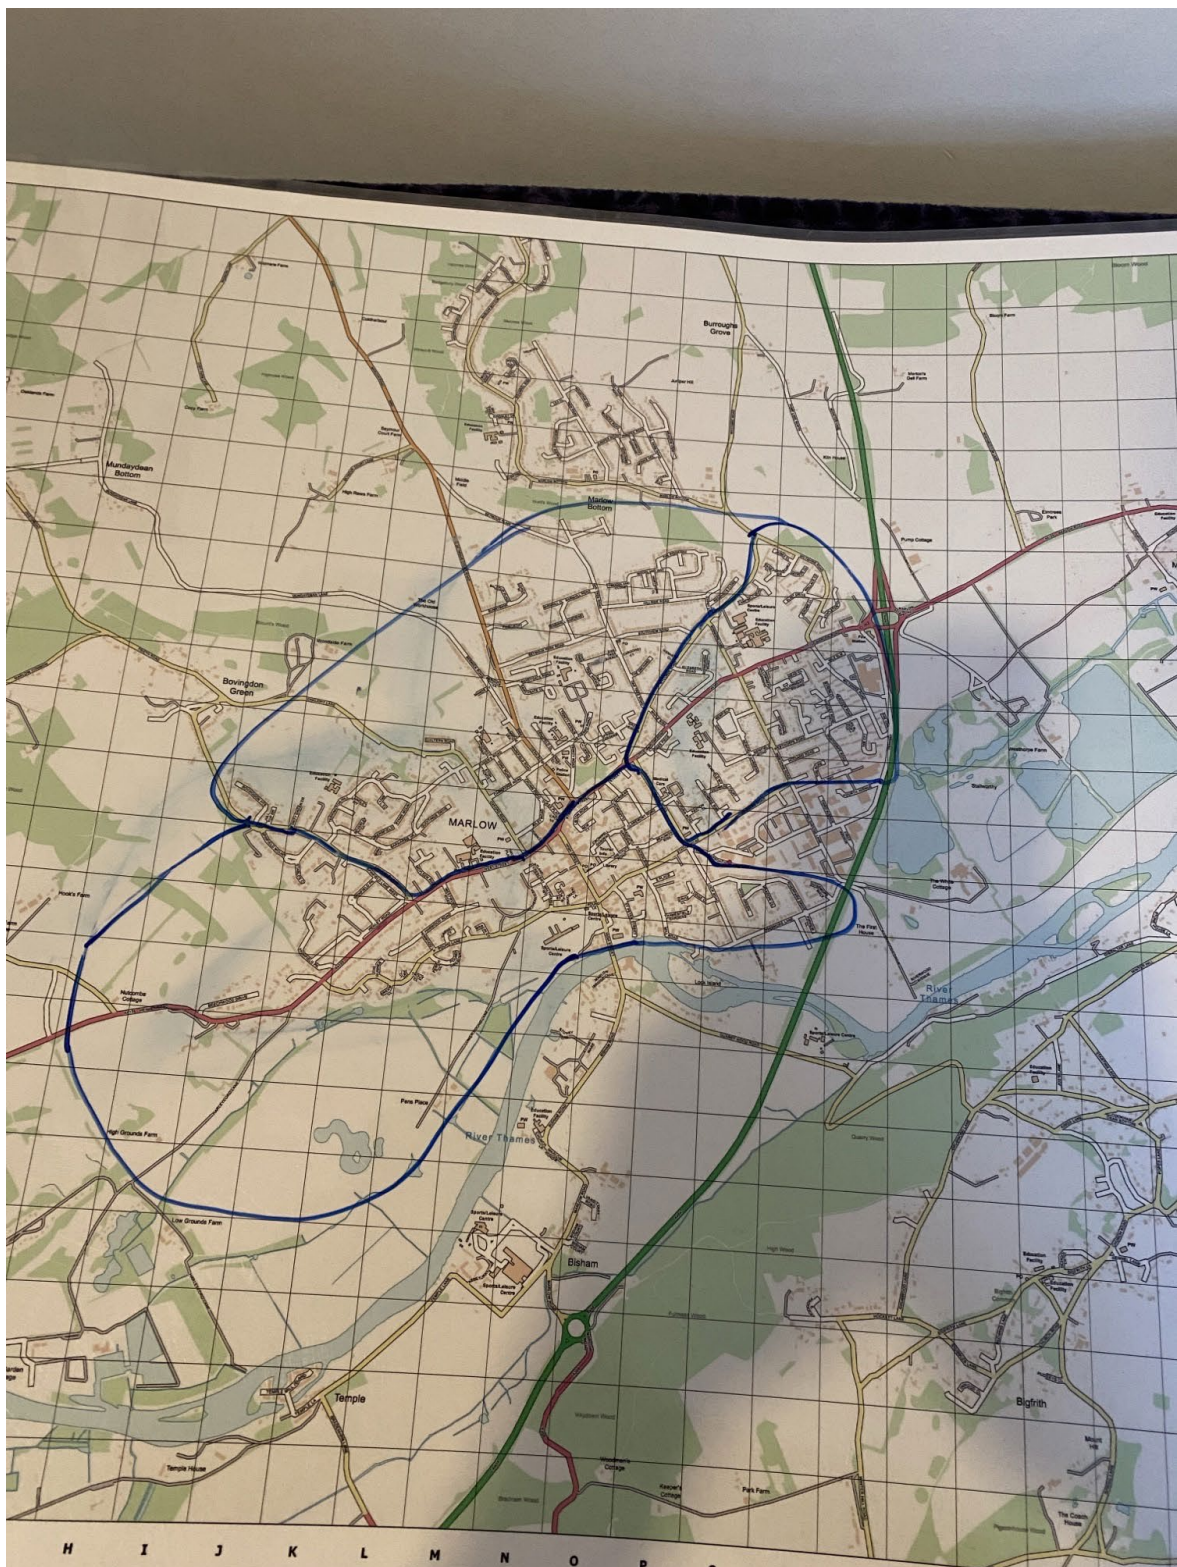

Marlow North

Marlow East

Please see attached sketch of boundary.

Many thanks again
