

Buckinghamshire Council

Personal Details:

Comment text:

In the review of ward boundaries for Buckinghamshire Council, I strongly favour the consolidation of the whole of Beaconsfield Old and New Towns into two or three wards which focus exclusively upon our town, which is a distinctive and cohesive entity, rather than having a section of the Old Town represented by a Gerrards Cross local councillor, and the Seeleys Estate and Knotty Green neighbourhoods included within a Penn ward, as is currently the position for these parts of Beaconsfield. This reorganisation would ensure that in future we are represented by local councillors who have an exclusive commitment to representing the interests of residents of Beaconsfield.
