### Organisation Name:

### Comment text:

There has been nothing more frustrating moving to an area where our voices are not heard nor valued in Beaconsfield, we live here but then we don't according to the boundaries in place currently. Letters are simply returned by MP Joy Morrissey refusing to answer local concerns I have that fall within Beaconsfield because I'm assigned to an Amersham and Chesham address. I moved to Knotty Green before the pandemic, my children go to school here, I shop locally and yet there is an immediate sense we are very much a forgotten and separated as a community here. Dividing the old town will be a further disaster here. Drawing community together is what is needed.
