Organisation Name:**Comment text:**

Penn should remain a seperate entity from Tylers Green for the following reasons. Penn has a particular detailed history, most of which is in a conservation area a with a number of listed buildings. Our local MP is now a Liberal Democrat due to the failure of the Conservative Goverment to control planning in our area. There is talk of our area becoming a National Park which would change the whole planning process and protect our historical area. A change in our area may prevent this happening.
