Comment text:

My wife and me are residents of Tylers Green and have been for 30 years. i am also the [REDACTED]
[REDACTED]. For as long as i can remember the villages of Tylers Green and Penn, which are next to each other have been recognised as one entity. The current boundaries between the two parishes are ridiculous winding in out of both parishes. The boundaries need to be rationalised to recognise popular opinion and terminology i.e., Penn & Tylers Green. The area of Chepping Wycombe in Loudwater and Flackwell Heath should also be separated from Penn & Tylers Green. The communities are not related in anyway.
