Comment text:

These boundaries do not seem to consider the additional housing being created within the Aylesbury area. Additionally kingsbrook being apart of aston clinton & beirton, berryfields being apart of stone & waddesdon does not make sense when considering the needs of constituents. The areas mentioned are effectively extensions of the county town Aylesbury and so issues faced by these residence will mirror those of the town rather than those of the villages in the surrounding areas. These boundaries need to be changed so that the needs to these residence do not end up conflicting with the needs of the surrounding villages.
