Organisation Name:**Comment text:**

HS2 changes the complexion of the south of Aylesbury and the new Town boundary and corresponding County Wards from Hawkslade through and past Coldharbour ought to follow the line of the new railway. There are currently few houses in this space, this could change but it doesn't make sense for Stone/Bishopstone & Hartwell to be split by HS2. The Stoke Mandeville boundary going diagonally across Anton Way/Orwell Drive is complicated and the new South East Link Road would again make for a more defined boundary. This would though increase the Town Council electorate by appx 1000 houses.
