

East Hertfordshire District Council**Personal Details:****Organisation Name:****Comment text:**

I am objecting to the relocation of parts of Hertingfordbury Road from Hertford Castle to Hertford Bengoe ward - This area does not have connections or common issues with Hertford Bengoe - it is much more closely aligned with the issues affecting Hertford Castle ward and would be better served by remaining part of this ward. Residents in this area look to Hertford town centre for common issues regarding housing, traffic, shopping, healthcare, schooling and transport rather than to Bengoe which is a self-contained part of the town with its own shopping areas, schools and transport issues. I would strongly urge the commission to reconsider this proposed realignment and to keep the section of Hertingfordbury road closest to the town in the Hertford Castle ward.
