The councillors for Pitsea North West do NOTHING for the area. THIER ward includes the site to build yet another "recycling centre" for the rest of Essex to dump their waste on and NOT ONE local meeting has been set up about stopping yet another travesty against the people of Pitsea North West. Before anyone in Basildon Council starts redrawing the district lines how about you & the councillors of Pitsea North West do what you were elected to do & REPRESENT YOUR CONSTITUENTS INSTEAD OF ATTEMPTING BY STEALTH TO CREATE A FIEFDOM
