### Comment text:

I consider that the current Frittenden and Sissinghurst ward should become a ward encompassing Frittenden, Sissinghurst and Cranbrook (ie not Benenden). The reason being that these three areas (Frittenden, Sissinghurst and Cranbrook) are closely aligned as an effective single - but sizeable - community; they therefore need strong local councillor representation. Additionally I do not see Benenden and as being particularly associated with Cranbrook. This grouping would therefore benefit Frittenden and Sissinghurst by giving those villages stronger voice as part of the significant town of Cranbrook than they appear to have at present (viz the reduced minimal allowance offered to Frittenden in the Council Tax breakdown for 2022/23. Cranbrook is a commercial hub as well as residential centre - more so than Benenden which is more residential in character. Cranbrook therefore needs a strong voice, particularly in relation to Headcorn and Tenterden. Cranbrook has a significant Educational feature in Cranbrook School (and should have in The Wealden Academy!).
