Comment text:

We don't need anymore councillors the ones we have are enough ,the village of Bulkington is being swallowed up by houses without adequate schools Drs and shops .a waste of more money .let's get our priorities right .more police doing their job as it should be and stop hiding from the role that needs to be attended such as fly tipping and spending more time out walking the beat can't remember last time I saw one unless it was driving around .we don't need any more councillors ..
