Organisation Name:

Comment text:

We live in Haycroft Rd our house was built in 1922 part of the original Old Town the Road structure around the old town is relevant to it the buildings are relevant to it cannot see why they need to change the boundaries as far as I can see the Old Town should stay as it is, or is this a political move ie Labour held constituency as opposed to Conservative held. I have heard rumours that Herts County Council would take over the running of Stevenage doing away with Stevenage Borough Council. No I am against it another nail in Stevenage coffin along with the Town Centre debacle and now the Eagle Building redevelopment Future slums in the making No No No to boundary changes.
