Hi. We live 100 meters from the old town. Why are you changing the boundaries??? If you live south of the high st by 100m you're still in the old town. Does this have something to do with the 800 new homes you're putting in on Forester land? Please can you advise to ALL of Stevenage where the extra 1000 cars are going to go btw plus the artics from the new factory units currently being built. I wish to remain as a resident of Franklin's rd also of the old town but just like the Forester land it won't happen because you don't listen to what local want. Tell me I'm wrong. [REDACTED]
