Comment text:

I have lived in Twyford since 1976. First in Hurst road then in 1991 we as a family of 4 we moved to Hurst park road. I consider myself a resident of Twyford and I have never understood why in recent times the boundary was suddenly changed. Our children attended Colleton school because this is the catchment area for that school. I have no allegiance or even any knowledge of Hurst so when it comes to voting I abstain. Until the boundary is re instated and our address is back inside the Twyford boundary (where I feel I belong) I will not be voting. I believe I am not the only resident who believes the decision to cut off the Hurst park road and surrounding areas was simply a waste of votes.
