Comment text:

Swallowfield Parish Council is currently served by one ward councillor. The parish council feels that whilst it has an excellent relationship with its current ward councillor, in the longer term it feels it would be better served by the 3-councillor ward model. Swallowfield Parish has a very clear identity, it is a rural parish which is very different from the adjacent ward of Shinfield. The Parish Council feels that there are more similarities with Finchampstead South and Arborfield Cross (village) not Arborfield Green.
