

Bracknell Forest Borough Council

Personal Details:

Name: Peter Heydon
E-mail: wpheydon@gmail.com
Postcode: RG12 7WJ
Organisation Name: Elected Member Bracknell Forest Council

Comment text:

As an elected member for Old Bracknell for both Bracknell Forest and Bracknell Town Councils for the last nine years – and as a resident of Old Bracknell – I am most concerned that the evidence is incomplete and misleading. I agree with the consultation that the three roads comprising the North Lake Estate are transferred Hanworth. On page 2 of the Draft Electoral Review evidence is submitted by the Hanworth and Birch Hill Cllrs. Why is the evidence submitted by Old Bracknell omitted? What I cannot agree to is the move of parkland from Old Bracknell. The only evidence based factor is thus children's play areas. The fact, and it is a fact, is that Easthampstead has one play area. Hanworth has 7. The proposal is to denude Easthampstead's children - why? Is there any answer as to the single reason for change is to remove the only play area in a Ward to another "richly endowed" ward - how does that reflect community interest? The source of this is Bracknell Town Council. In fact the Town Council rejected the claim by quite a strong majority in its meeting last week prior to the Town Council submission. I would ask that the Commission maintain North Lake parkland and play area in Easthampstead.
