I am happy to support the ward boundaries as proposed in this consultation. WARD NAME CHANGE
I would propose a change of name of the Meridian Thorpe Astley ward. The Meridian is a marketing name for the business park to the south of the ward and has no historical connection to the area. More importantly, no electors actually live there so is of no value in identifying the area to voters. The northern part of the ward covers parts of both the parishes of Braunstone Town and Leicester Forest East, centered around the area of St.Mary's Avenue, Warden's Walk and Park Drive. I would like to suggest the name of the ward is changed to Thorpe Astley and St.Mary's, as it is on St.Mary's Avenue that the polling station is situated and is a main road situated centrally to that parts of the area and known to most residents. PARISH WARD NAMES : Braunstone Town Council As far as possible the parish council ward names should be the same as the District Council ward names so as to avoid confusion. In respect of parish ward names within the proposed Meridian Thorpe Astley district council wards; I would suggest that the Thorpe Astley parish ward is called Thorpe Astley and the northern part of the ward is called St.Mary's.
