

12th March 2020

Review Officer (Bracknell Forest)
Local Government Boundary Commission for England
1st Floor Windsor House
50 Victoria Street
London
SW1H 0TL

Dear Sir

Electoral Review of Bracknell Forest : Warding Arrangements

I am a Crowthorne Parish Councillor and a former Bracknell Forest Borough Councillor for over 20 years.

I write in a personal capacity to express my personal view. My home address above is in that part of Crowthorne which I understand is suggested be included in the Sandhurst Owlsmoor Ward.

In reference to the statutory criteria, to include part of Crowthorne with Owlsmoor does not reflect the interests and pattern of the local communities. There is no direct access between the two communities . Substantially there is a physical divide of a Special Protection Area.

There is no identity of community or interaction.

That part of Crowthorne which forms the subject area historically looks to and is a significant part of the community of Crowthorne its services and shops It has no connection with the Owlsmoor community which focuses on Sandhurst

I ask the Commission to review alternatives and consider how its objectives can be achieved whilst retaining the integrity of Crowthorne

Yours faithfully

John Clifton Thompson
