Comment text:

I consider the creation of a new Ward covering Flackwell Heath, Bourne End, Wooburns, and Hedsor would make sense as there is a close interaction between those communities. However, I do not agree to the proposed name nor the splitting of the Little Marlow Parish between this new Ward and the existing ward entitled "Chiltern Villages". Splitting the Little Marlow Parish area actually goes against LGBC guidelines in that it complicates local government arrangements, does not recognize an extant community identity, and is unnecessary if Marlow Bottom remains in the Chiltern Villages ward as currently. I also consider that the proposed new Ward name should include Bourne End as well as Flackwell Heath & The Wooburns.
