### Comment text:

I am in full support of the new Martley Ward, it has satisfied the concerns of Martley Parish Council regarding single member ward, the coupling with Doddenham and Knightwick works well because of the shared neighbourhood plan between Martley and Doddenham.. Before the last boundary review some 20 years ago, Clifton upon Teme and Lower sapey was in the Martley Ward and that worked very well.. so overall I believe it to be a sound plan.
