I confirm that I am happy with the proposal for St George's Ward to stay exactly as it is at present and for the name St George's Ward to remain unchanged. Councillor Clive Walter Member for St George's Ward Castle Point Borough Council

I have looked at the Boundary Commissions proposals for St George's Ward and agree with them. I understand that the Castle Point Conservative Association have submitted a proposal that would split St George's Ward and move part of the Southern boundary into Appleton Ward (renamed Tarpots Ward), having lived in St George's Ward for 40 years I consider this suggestion to be ridiculous. The A13 is one of only 2 major roads into Southend on Sea and represents a physical barrier, there is no commonality between these 2 communities. The Conservative Association's idea of renaming St George's Ward to Rushbottom Ward is also something to which residents would strongly object.
