Comment text:

Coldean Residents' Association have asked me to pass on their official request that Stanmer Ward be named 'Coldean and Stanmer'. The Ward includes the whole of Coldean, which has a much larger population than Stanmer Park after which the ward is named, and we are soon to have up to 242 extra households when the new Housing Development on Coldean Lane is completed. Coldean will therefore make up the bulk of the voting public in this new ward, and we feel it is only fair that our village is in the name!
