

## Telford and Wrekin Borough Council

### Personal Details:

**Name:** James Dabbs  
**E-mail:** townclerk@oakengates-tc.gov.uk  
**Postcode:** [REDACTED]  
**Organisation Name:** Friends of Hartshill Park

### Comment text:

We meet monthly at The Wakes community centre and coordinate activities, litter picks and community days which benefit and attract residents from Oakengates, Wombridge, Ketley Bank, Beverley and Trench Lock as they're all linked to our Green Flag Park via green corridors and the town centre. We believe that this vital community asset the jewel in the crown of our town is better for having local representation from all of these communities and ensuring that we have fair and good representation from more than one councillor which is being proposed. This would leave the only market town in the whole borough with poor representation at a borough level to protect and care for our award-winning park. The Friends of group are representative of these many different communities but it is the town that brings us together and that is why we're opposed to these plans and would strongly argue that the boundary remains the same. (This has been submitted in writing from the Chair of Friends of Hartshill Park to the Locum Town Clerk at Oakengates Town Council for submission)
