Dear Review Officer,

I am writing on behalf of Coldean Residents' Association to say how disappointed we are to learn that the Boundary Commission has not seen fit to include Coldean by name in the new Stanmer Ward. As Hollingdean and Stanmer, we were already part of a ward in which we (over 1,200 households) were not named; and now, with the new boundaries, Coldean will comprise by far the majority of voters in the ward. To not include Coldean in the name is simple injustice.

We urge you to reconsider this decision, and allow us the dignity of being named in a ward where we comprise the majority of voters.

With kind regards,  
Rose Bunker  
(Secretary, Coldean Residents' Association)
