I believe Rushwick should have it's own councillor and own boundaries and not be tied in with Alfrick And Leigh .

We feel the council tax we pay in Rushwick, Lower Broadheath, Hallow or any other village is worth as much as that in Malvern Link. We should be represented by our own councillor or councillors and creating Super wards to ensure all urban wards can have 3 councillors is wrong. Please consider the residents of such villages and our needs , we don't want to be grouped together with villages that are miles away from where we live . Give us our own councillors and let us have a say in decisions that affect our community
