**Comment text:**

As Kempsey is about to grow by another 2000 odd homes it needs to have two district councillors who are solely dedicated to look after the Kempsey Parish. The work load will be almost impossible to do if Severn Stoke is still included. Severn Stoke needs to be put together with Earls Croome, Hill Croome and Ripple Parishes. Each of these parishes although covering a large area do not produce the same amount of work compared to Kempsey. This would provide balance to the east of the river Severn. Upton and Hanley work well together and should remain as they are. Change for the sake of change is pointless, if a extra district councillor is needed it is better than spreading councillors too thinly.
