Comment text:

I consider just one local councillor in my ward would be enough when there is if I'm lucky only ever one that replies to any email I send them on any local Green issues. There are three local Green councillors in the St Michaels ward but they all have young children and seem to be too busy to work as a local councillor being full time parents and one a single parent to their children. There is usually one local councillor that is best such as Cllr Sarah Jennings was until she finished being a local councillor. Steph Pitchers has now taken her place as local Green councillor and maybe best being kept when she's new to the job and deserves to have a chance to do the job. She also has two children to support. I've not found Cllr Tom Crone any help to me or [REDACTED] who has four young children so is a full time mum.
