To split Croxteth ward will be the best thing that will ever happened to the area. Living on Croxteth park estate is as though we don't exist as part of the Croxteth ward. Little to no upkeep, maintenance, adoption of roads, paths, community events is astounding. Some of the roads require resurfacing and we've had no funding for projects or applications through Croxteth ward councillors to support Croxteth park estate but Croxteth has in conjunction with Liverpool city council, Merseyside, police etc which is being held in Croxteth in the 2nd week of December. [REDACTED] The sooner Croxteth park estate becomes its own ward the better in my opinion but please take the current 3 councillors with you as not one of them have our estates interest at heart but Croxteth itself. Sorry for some of the sarcasism but I've seen Croxteth park estate neglected during the 34 years as a resident.
