

## **Bracknell Forest Borough Council**

### **Personal Details:**

**Name:** [REDACTED]

**E-mail:** [REDACTED]

**Postcode:** [REDACTED]

**Organisation Name:**

### **Comment text:**

The proposed changes are irrelevant to the improvement of life in our part of Winkfield and Cranbourne. The roads and amenities here are characterised by neglect and indifference on the part of the powers that be. We are neither part of Bracknell nor part of Windsor properly, with a Windsor post code and a Windsor MP. While with a Windsor connection we are not connected physically with a footpath or cycle path into Windsor. The bus transport links are poor, with services reduced to once every two hours North Street which is supposedly a residential or access road has become a main road between Bracknell and Windsor connecting to the motorway network in the absence of clear alternatives. The heavy traffic is continually speeding and is a source of noise and vibration having a deleterious effect on the North Street properties. The road itself is not maintained with suitable resurfacing or road markings and realistic parking controls and the traffic exceeds the legal speed limits with impunity. Any of the proposed boundary changes do not make any difference to the way that the borough council or parish council behaves in responding to the needs of the residents.
